Happiness is the key to healthy living!

At Rotary Villas at Crocus Gardens, we make happiness our top priority. At Rotary Villas we offer activities to stimulate the mind, body & spirit and keep our residents connected by engaging with the community. Community owned since 2015, local owners are actively involved in the business operation of Rotary Villas. Their philosophy is that, in order to provide the best senior care possible, it is vital for the Rotary Villas stakeholders to really get to know each resident individually and tailor our services to their needs. It is this involvement and dedication at every level that allows Rotary Villas Community to make meaningful differences in the lives of Westman seniors.

At Rotary Villas at Crocus Gardens Community we strive to foster a sense of belonging, dignity and respect with residents, families and team members. Our senior living experts are dedicated to creating an energetic life force within our communities. At Rotary Villas at Crocus Gardens Community, assisted living feels like home. Our mission is to provide our residents a clean, secure and comfortable home in a community where barriers to independent living have been minimized. We nourish a vibrant environment for seniors across Manitoba and our provincial neighbours. Our senior housing options include various levels of assisted living, exceptional on-site services, and unparalleled location, but above all, friendly people who are eager and invested in the well-being of Manitoba seniors. Vibrant Communities created by caring people, where the individual needs of the resident always come first. That's the Rotary Villas Way.
