

## Showcase Projects

### Town of Glenboro / Community Playground Project Landscaping / Community Group Projects

The Glenboro Community Playground Project was a community wide initiative to develop a playground, walking paths, and greenspace for use by the entire community. The area features a play structure, swing set, picnic shelter, two basketball courts, an amphitheatre display, sandbox, a rock garden, benches, rows of trees, planters, bike racks, and gardens.

#### Landscaping and Floral Displays

The Project includes a welcome sign with a floral display flower gardens along the front of the school, many rows of trees and walking paths.

The project also includes a mini-amphitheatre, sandbox, play structure and swing set, which are largely used by the Glenboro Daycare facility and Glenboro School.

The playground area includes benches, exercise equipment and planters built by Glenboro School Carpentry Class which are planted and maintained by Glenboro School Students.

Other recreational features on the playground include two basketball courts and a picnic shelter.
